Cal OES SOUTHERN REGION

Derailment, Los Angeles, Los Angeles County, SPILL: 17-4813

On 07/05/17 at 2338 hours, the California State Warning Center (CSWC) received notification from Union Pacific Railroad (UPRR) advising one locomotive derailed upright.

- The derailment occurred during shoving operations.
 - There were no injuries to crew members.
 - There was no hazmat release.
 - There are no reported impacts to waterways.
 - The CSWC made all appropriate notifications per Hazardous Materials SOP.
-
- See 2017 Statewide Winter Storms Slides

SITUATION SUMMARY

2017 Statewide Winter Storms

Cal OES Coastal Region

Paul's Slide, State Route 1, Monterey County

Per Cal OES Coastal Duty Officer (CDO), as of 1300 hours on 05/25/17, Paul's Slide on State Route 1 has been closed to all traffic.

- Caltrans engineers report slide activity and the area has been closed in the interest of public safety.
- Assessment will commence and further details will be provided once released.

Mud Creek Slide, State Route 1, Monterey County

The Mud Creek area on State Route 1 sustained a major slide on the evening of 05/20/17, when over a million tons of rock and dirt fell down the slope continuing down to the ocean floor 250 feet off the shoreline.

- The Mud Creek area is ¼ mile in length, made up of five slides, four of which fell during this single incident and consolidated into one slide. The remaining slide now extends 1,500 feet in length over State Route 1 and is about 35 to 40 feet deep.
- Roadwork at Mud Creek was suspended and heavy equipment removed due to the threat of new slides and for safety of highway workers. Caltrans geologists and engineers plan to assess it further when this area stabilizes.
- Estimated opening date is 06/01/18.

Pfeiffer Bridge Incident, Monterey County

California Highway Patrol (CHP) and Caltrans had a hard closure on the Pfeiffer Bridge on HWY 1 at mile marker 45.52 (SB Sycamore Canyon and the Bridge) due to a crack in the bridge. The bridge has been demolished so the road is closed and estimates for some access from the north is late September 2017.

- Backup air medical transport plans have been developed for medical emergencies through Cal OES Law Enforcement Branch.
- All businesses north of the Pfeiffer Canyon Bridge closure are open to the public.
- Caltrans will continue the process of delivering construction materials and equipment to the site of the demolished bridge on HWY 1 via Nacimiento-Fergusson Road from Hwy 101 on Tuesday, 06/20/17.
- Some equipment will begin moving out one piece at a time throughout the week. These convoys of equipment will be escorted by CHP.
- Effective 07/01/17, there will be a shuttle available until the Pfeiffer Canyon Bridge reopens (estimated reopening date from Caltrans is September 2017) seven days a week, 1200-2000. North shuttle leaves every hour starting at noon. South shuttle leaves every 15 minutes from Loma Vista to Nepenthe. The last shuttle from north to south is at 1700 hours. The last shuttle from south to north is 1900 hours.
- Pfeiffer Big Sur State Park will reopen to the public on 07/01/17 after an 11-month closure due to the Soberanes Fire and winter storms.
- Julia Pfeiffer Burns State Park, Andrew Molera State Park, and Highway 1 at Pfeiffer Canyon Bridge remain closed.

FIRE ACTIVITY

Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 3	Preparedness Level 2	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 2

Earthstone, Vegetation Fire, Washoe County, NV

Location: Eastside of the City of Sparks

Jurisdiction: State of Nevada

Start Date: 07/03/17 at 1330 hours

Per ICS-209 and the Cal OES Fire Duty Officer (FDO) as of 07/05/17 at 0603 hours:

- 25,000 acres, 15% containment
- Expected containment date: 07/07/17
- Type-3 Incident Management Team assigned
- Local power lines threatened
- 9 Cal OES Engines assigned
- 6 California Local Government Engines assigned

Deployments

- 1 Cal OES Fire Rescue Branch Assistant Chief assigned

Road Closures

- Interstate 80 (State of Nevada) closed due to fire activity.

FIRE ACTIVITY

Spring, Vegetation Fire, Mariposa County

Location: Hwy 49 x Allred Rd., South of Mariposa

Jurisdiction: State DPA, SRA, Madera-Mariposa-Merced Unit

Start Date: 07/02/17 at 1346 hours

Per ICS-209 and the Cal OES Duty Officers as of 07/05/17 at 1750 hours:

- 225 acres grass and brush, 90% containment
- Expected containment date: 07/06/17
- Type-3 Incident Management Team assigned
- 1 single residential structure damaged

FMAG

- On 07/02/17 an Fire Management Assistance Grant (FMAG) application was received and placed on hold.

Derrick, Vegetation Fire, Fresno County

Location: Los Gatos Creek, West of Derrick, West of Coalinga

Jurisdiction: State DPA, SRA/FRA

Start Date: 07/02/17 at 2228 hours

Per Cal OES Fire Duty Officer (FDO) and ICS-209 on 07/05/17 at 1838 hours:

- 1,538 acres, 100% containment
- Expected containment date: 07/05/17
- Type-3 Incident Management Team assigned
- Secure, mop up patrol
- 9 Cal OES Engines assigned
- 1 Local Government Engines assigned

Deployments

- 1 Cal OES Fire Rescue Branch Assistant Chief assigned

WEATHER OF CONCERN

Weather of Concern

- Monsoon flow will continue through the weekend, resulting in rising temperatures and isolated to scattered afternoon/early evening thunderstorm activity over the mountains (with small chances for t-storm activity over the deserts).
- An Excessive Heat Warning is in effect across the desert for both Friday and Saturday, as highs will top 110 degrees in quite a few locations. A Heat Advisory is also in effect for the San Joaquin Valley for both of these days; highs will reach around 105 degrees to slightly above.

Active Weather Warnings, Watches and Advisories by County:

- http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php - Temporarily unavailable.
- <https://alerts-v2.weather.gov/counties/CA>

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

*** Afternoon S to SW Winds Gusting to 35 mph in the East and North today***

Strong high pressure will be parked near the 4-Corners region and low pressure will be in the Gulf of Alaska and eastern Pacific for the next 10 days or more. A general S-SW flow pattern will exist over the region during this time, but with day-to-day changes in temperatures, winds, and thunderstorm chances.

A weak disturbance off the central CA coast is moving northeastward. Thunderstorms will be possible in the Northern Sierra and Far Eastside from Nevada County south today and Friday afternoon. The thunderstorm threat will return Tuesday as more moist unstable air moves northward into the region.

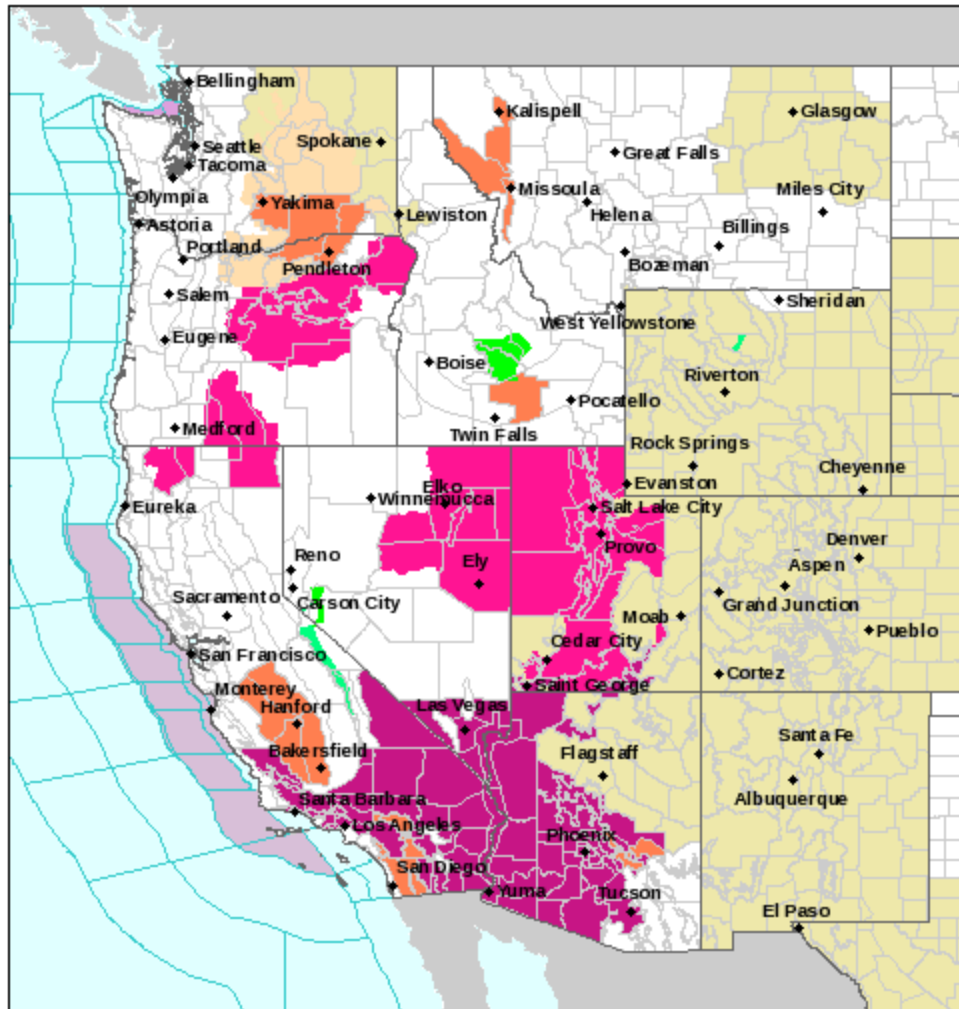

Temperatures will be 3-5 degrees above normal today, but increase to 5-8 degrees above normal Friday and Saturday. Temperatures will be back to 3-5 degrees above normal Sunday into the middle of next week.

SOUTHERN CALIFORNIA

North winds will develop tonight in Santa Barbara County

High pressure situated over the Southwest will produce southeasterly monsoonal flow and very warm temperatures over the next several days. Fewer storms are expected today. Late tonight into Friday morning, north winds of 15-25 mph with gusts to 35 mph will be possible in Santa Barbara County. This may result in warm overnight temperatures and minimal RH recovery across the Santa Ynez Range. Temperatures through Saturday will be up to 105 in the valleys and 115 in the desert. There may be an uptick in thunderstorm coverage Friday into the weekend and most storms this weekend may produce some brief rainfall lessening the chance of dry lightning. Temperatures may cool off slightly early next week, but a low-end monsoonal flow is expected to remain in place through the middle of next week.

Cal OES RECOVERY

2017 Statewide Winter Storms

Presidential Major Disaster Declarations for January/February Winter Storms – FEMA-4301-DR-CA, FEMA-4305-DR-CA, & FEMA-4308-DR-CA

- Assistance for emergency work and the repair or replacement of disaster-damaged facilities was approved for the following counties in at least one of the major disaster declaration: Alameda, Alpine, Amador, Butte, Calaveras, Contra Costa, El Dorado, Humboldt, Inyo, Kern, Lake, Lassen, Los Angeles, Marin, Mendocino, Merced, Mono, Monterey, Napa, Nevada, Orange, Placer, Plumas, Riverside, Sacramento, San Benito, San Diego, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, Santa Cruz, Shasta, Sierra, Siskiyou, Solano, Sonoma, Sutter, Tehama, Trinity, Tuolumne, Yolo, and Yuba and the Tule River Tribe in Tulare County.

EMAC and Public Assistance - 2017 Winter Storms

- Cal OES Recovery Division identified the need for Public Assistance subject matter experts to assist with the aftermath of the 2017 Severe Winter Storms. Accordingly, Cal OES requested assistance from other states through the Emergency Management Assistance Compact (EMAC) - the Nation's mutual-aid system. New Jersey and Colorado provided personnel that arrived on Monday, 06/13/17. Both states along with other potential states will be providing support between now and the beginning of September at various Joint Field Offices throughout California. The goal is to assist those impacted counties in identifying disaster related damage and program eligibility.
- See Cal OES Mission Tasking slide for Mission Tasking information

Cal OES MISSION TASKING

Cal OES Missions

- **2017-SOC-36209:** Two Public Assistance Coordinators from the state of New Jersey have been assigned to California through the Emergency Management Assistance Compact (EMAC) system
- **2017-Cal OES-35819:** Twelve Caltrans engineers requested to conduct damage and site inspections throughout the state for impacts related to 2017 February Winter Storms. The lead engineer will report to the Joint Field Office to coordinate the response.
